

Summative: Lab Portfolio – Table of Contents

SCH3U.-04, 2012/13

Lab # and Date	Title of Lab	Unit
1. October 15 th , 2012	Types of Reactions Lab	Matter and Chemical Bonding
2. October 22 th , 2012	Line Spectra of Elements	Matter and Chemical Bonding
3. October 29 th , 2012	Variation in Atomic Properties	Matter and Chemical Bonding
4. November 2 nd , 2012	Order of Reactivity	Matter and Chemical Bonding
5. November 23 rd , 2012	Thickness of Aluminum Sheet lab	Quantities in Chemical Reactions
6. November 23 rd , 2012	Density of a Metal Cube Lab	Quantities in Chemical Reactions
7. November 29 th , 2012	Water Lab	Quantities in Chemical Reactions
8. November 29 th , 2012	Chalk Lab	Quantities in Chemical Reactions
9. December 2012	Candy Lab	Quantities in Chemical Reactions
10. December 2012	Number of Molecules in Chemicals	Quantities in Chemical Reactions
11. End of December-January 8 th , 2013	Magnesium Oxide-Percentage Composition	Quantities in Chemical Reactions
12. January 18 th , 2013	Bubblegum Lab	Quantities in Chemical Reactions
13. January 18 th , 2013	Determination of the Empirical Formula of a Compound Lab	Quantities in Chemical Reactions
14. February 1 st , 2013	Planning Lab: Formula of a Hydrate	Quantities in Chemical Reactions
15. February 27 th , 2013	Mole Relationship in Chemical Reactions: Limiting and Excess Reactants	Quantities in Chemical Reactions
16. March 1 st , 2013	Solubility Graph	Solutions and Solubility
17. March 4 th , 2013	Solubility of A Salt at Room Temperature	Solutions and Solubility
18. March 20 th , 2013	Making up Solutions	Solutions and Solubility
19. March 22 nd , 2013	Stock Solutions and Dilutions	Solutions and Solubility
20. April 11 th , 2013	Double Displacement Reactions	Solutions and Solubility
